- Word Processing Apps

PROFILE

I'm a success-driven, determined Web developer. I have experience using HTML Sass JavaScript and PHP to build accessible component-based web pages and systems.

Ability to deliver quality results while collaborating in rapidly changing work environments and team compositions.

A passionate person willing to learn more technologies to become a better developer than I was yesterday. So determined and result oriented.

Working to create any relevant support material for everyone.

EXPERIENCE

Full Stack Web developer
- 2021 - today

Atlantis The Palm - Dubai

Working with a great and supporting team to put up major applications used by both our daily guest and staff.

- Code within company coding standards and styles.
- Write fully automated code tests in adherence to best practices.
- Recent side project link: Atlantis The Royal Website

IT Personnel (Part-time)
- 2019 - 2020

La Feve Bed & Breakfast – Entebbe Uganda

- Hotel data management and my role was to ensure that new workers are enrolled, and their data updated regularly, keeping track of their work hours and enable easy assessment by my supervisor.
- Writing reports as per the request of my supervisor using different work processing software.
- Integrated La Feve website with booking.com which increased bookings to 50-70 clients that were accommodated through booking every month. (I was a site manager until I left the premises. Link: https://bit.ly/36gFtTx
- Managing hotels booking site and client's arrival and departure with system-based information.
- Managed overall online Communication in the Hotels through different social media platforms and website.
